

DuPage Water Commission

600 E. Butterfield Road, Elmhurst, IL 60126-4642 (630)834-0100 Fax: (630)834-0120

AGENDA ENGINEERING & CONSTRUCTION COMMITTEE THURSDAY, MAY 19, 2011 6:30 P.M. COMMITTEE MEMBERS D. Loftus, Chair R. Furstenau F. Saverino M. Scheck

600 EAST BUTTERFIELD ROAD ELMHURST, IL 60126

- I. Roll Call
- II. Approval of Committee Meeting Minutes of April 21, 2011

RECOMMENDED MOTION: To approve the Minutes of the April 21, 2011 Engineering & Construction Committee Meeting of the DuPage Water Commission.

- III. Report of Status of Construction/Operations
- IV. Resolution No. R-26-11: A Resolution Approving and Ratifying Certain Work Authorization Orders Under Quick Response Contract QR-8/08 at the May 19, 2011, DuPage Water Commission Meeting
- V. Discussion Items
 - A. Replacement of Valve Stem Risers
 - B. Corrosion Control and Protection for the Outer Belt Transmission Main
 - C. Corrosion Control and Protection for the South Transmission Main
- VI. Great Western Trail Improvements
- VII. Other
- VIII. Adjournment

H:\Board\Agendas\Engineering\2011\05.docx

MINUTES OF A MEETING OF THE ENGINEERING & CONSTRUCTION COMMITTEE OF THE DUPAGE WATER COMMISSION HELD ON THURSDAY, APRIL 21, 2011 600 EAST BUTTERFIELD ROAD ELMHURST, ILLINOIS

The meeting was called to order at 6:30 P.M.

Committee members in attendance: D. Loftus, R. Furstenau, F. Saverino, M. Scheck and J. Zay ex officio.

Committee members absent: None

Also in attendance: R. C. Bostick, F. Frelka, E. Kazmierczak, J. Schori and Mike Weed

Commissioner Saverino moved to approve the Minutes of the March 17, 2011 Engineering Committee. Motion seconded by Commissioner Scheck and passed unanimously as follows:

Ayes:D. Loftus, R. Furstenau, F. Saverino and M. ScheckNays:NoneAbsent:None

Staff provided an oral report highlighting the Status of Operations report;

Regarding Contract PSD-7 DPPS Electrical Generation, the Committee was briefed on the contents of Change Order No. 14 which appeared on the agenda as R-23-11. The Committee was also briefed on the scope of work within the Professional Engineering Services Contract between the DuPage Water Commission and Primera Engineers, Ltd., which appeared on the agenda as R-18-11, with Staff noting that some of the items contained in Change Order No. 14 were potentially related to the Primera Contract. It was the consensus of the Committee to engage a third party to provide an engineering evaluation for potential issues.

Regarding the Laramie Avenue Viaduct work and the 1st Amendment to Task Order No. 28 with AECOM which appeared on the agenda as R-20-11, the Committee was advised that the deep footing work was completed albeit with some conflicts encountered on site, witnessed by AECOM and solutions accomplished without incident to the 12' diameter tunnel or one of the Commonwealth Edison electric feeders to the Lexington Pumping Station. Staff noted that the construction conflicts encountered emphasized the need to have resident engineers on site prior to Board approval.

Regarding the DuPage County Steeple Run Service Area, Staff advised the Committee that two requests for proposals (RFP) were being developed in advance of the joint facility agreement being approved. The first RFP is Professional Engineering Services to perform hydraulic modeling of the Commission's distribution system and then model the impact of the proposed Steeple Run connection point.

The second RFP is Professional Engineering Services to perform design, bidding and construction services of the joint facility connection point. Both RFP's are being drafted with certain contract expiration language to meet the requests as previously stated by Chairman Zay. Committee Chairman Loftus and Commissioner Saverino both questioned and suggested methods of notifying the public and potential bidders.

Regarding Contract QR-8 (Quick Response Contract), the Committee was advised that Work Authorization Order #25 which appears on the agenda as R-21-11 was necessary immediate work to repair failing manholes in a highly traveled roadway in Downers Grove.

Regarding Contract QR-9 (Quick Response Contract), the Committee was advised that the QR-8 contract lapses on July 1, 2011 where the QR-9 bidding documents became available as of April 18, 2011, a pre-bid meeting is scheduled for May 3rd and bid opening is scheduled for May 17th. It is Staff's intention to present a resolution to award the QR-9 contract at the June 2011 Commission meeting.

Regarding R-17-11, Staff advised the Committee that Task Order No. 19 would authorize EN Engineering to perform routine scheduled inspection, maintenance and adjustment of cathodic protection equipment at the Commission's five (5) water storage standpipes.

Regarding R-19-11, Staff advised the Committee that during the High Lift Pump #5 (HLP-5) electric motor disassembly work, as previously approved by the Commission, the estimated cost to repair the motor exceeded that statutory requirement where the motor repairs needed to be rebid. Upon advertisement for bids and the subsequent bid opening, Dreisilker Motors of Glen Ellyn was determined to be the lowest responsible bidder. R-19-11 would authorize the motor repair work to be performed.

Upon determining that R-16-11 and R-22-11 as listed in the Status of Operations report were not items for consideration of the Engineering and Construction Committee, Chairman Loftus requested a voice vote to determine if the Committee had a consensus to move all remaining agenda items for approval at the regular Commission meeting. All vote aye.

Commissioner Scheck moved to adjourn the meeting at 6:56 P.M. Motion seconded by Commissioner Furstenau and passed unanimously as follows:

Ayes:D. Loftus, R. Furstenau, F. Saverino and M. ScheckNays:NoneAbsent:None

DuPage Water Commission MEMORANDUM

TO: John Spatz General Manager FROM: Terry McGhee

Manager of Water Operations

Ed Kazmierczak Chris Bostick John Schori Frank Frelka Mike Weed Pipeline Supervisor Facilities Construction Supervisor Instrumentation Supervisor GIS Coordinator Operations Supervisor

DATE: May 12, 2011

SUBJECT: Status of Operations

Operations Overview

The Commission's sales for the month of April were a total of 2.04 billion gallons. This represents an average day demand of 67.9 million gallons per day (MGD), which is lower than the April 2010 average day demand of 71.2 MGD. The maximum day demand was 71.7 MGD on April 30, 2011, which is lower than the April 2010 maximum day demand of 78.1 MGD. The minimum day flow was 63.9 MGD. The Commission's recorded total precipitation for the month of April was 4.90 inches compared to 3.01 inches for April 2010. The level of Lake Michigan for April 2011 is 577.14 (Feet IGLD 1985) compared to 577.79 (Feet IGLD 1985) for April of 2010.

Water Conservation

The Commission has distributed 24 rain barrels to date and our customers are using them as displays for the public as well as promoting the sale of rain barrels to their residents. The Commission has also received 15 completed Utility Pledges and 12 status updates on the Utility Pledges.

The Water Conservation and Protection Program attended the following events in April: Earth Celebration Event at DuPage County, Earth Day for Argonne Employees, and Party for the Planet at Cosley Zoo. Memos about these events can be found on preservingeverydrop.org.

The Commission is sponsoring a high school and college video contest on water conservation. Winning film(s) will be featured on dpwc.org and preservingeverydrop.org. Winner(s) will also receive a trophy and be eligible for prizes from participating partners. There were no videos submitted for this contest. Staff is looking into pushing back the submission date.

Document Management

Staff has started the process of moving documents into the new databases.

Work continues to complete the document inventory that will be sent to the Secretary of State for their destruction authorization.

Facilities Construction Overview

<u>Contract PSD-6 Reservoir Addition - Division A – Equipment Storage Building</u> and Material Storage

The Engineer has submitted final draft of record drawings which are currently under review by staff.

Contract PSD-7 DPPS Electrical Generation

Final finish applications are ongoing. Support systems commissioning is ongoing. A table of change orders approved, pending or in development has been prepared for review. The project completion date is May 30, 2011.

Staff is gathering design documents, contractor submittals and other documentation to provide the 3rd party engineering evaluation of the newly constructed HVAC facilities as approved last month.

Generator Supply Contract

Patten Industries is modifying the portable generator from a manual fuel system fill to an automatic fuel system fill. A table of change orders approved, pending or in development has been prepared for review.

<u>Contract PSC-4 Lexington Pump Station Electrical Generation / Variable</u> Frequency Drives

All work is complete with the exception second season commissioning and training. Money is being held back to facilitate the completion of the work.

Contract PSC-5 Lexington Photovoltaic Cells

The photovoltaic system continues producing power for on-site consumption at the Lexington Pumping Station. All work is complete with the exception of displaying the PV System output on the DWC website. A table of change orders approved, pending or in development has been prepared for review. The project completion date remains October 21, 2010.

Winfield Additional Connection - Contract MS-17/10

Electrical and instrumentation work is ongoing. The Contract Completion date remains November 20, 2010.

DuPage County Service Areas

We are performing preliminary work with DuPage County Public Works regarding the Steeple Run service area.

Engineering Request For Proposals are being developed for hydraulic modeling and joint connection facilities design and construction services.

Instrumentation / Remote Facilities Overview

Annual Customer Meter Calibration Program

The program is complete for the year. Maintenance is being performed on the test bench to be ready for this fall when the program begins.

Remote Facilities Maintenance

Routine monthly inspections and maintenance is ongoing. Task Order #19 with EN Engineering for the annual inspection and calibration of the standpipe rectifier systems is being scheduled.

New Meter Station for Winfield

The Remote Terminal Unit (RTU) at MS27B is installed, waiting on the contractor to complete the antenna before communications can be established.

<u>GIS</u>

ArcGIS 10

Staff completed an upgrade to ArcGIS 10. Version 10 is considered to be a major release with significant changes to functionality and formatting. For the foreseeable future version 9.2 and 10 will be used on separate servers because 9.2 is needed for the Infor EAM/GIS integration.

Paperless Agenda Project

Staff is researching wireless devices and meeting management software to support the Administration Committee's desire to move in a more paperless direction. Four demonstrations of meeting management software are scheduled over the next few weeks.

Pipeline Construction Overview

Contract QR-8 (Quick Response Contract)

Work Authorization Order #20. (Carol Stream repair) Restoration has been completed.

Work Authorization Order #24. (Elmhurst leak repair) Remains open pending completion of topsoil and planting work.

Work Authorization Order #25. (Downers Grove manhole repair and pavement failure) Manhole repairs have been completed and temporary pavement is in place.

Work Authorization Order #26 (Frame and lid and pavement repair on Lombard Rd. in Addison) appears for Board authorization on Resolution R-26-11.

Pipeline Maintenance and Corrosion Mitigation

Work continues on project design and contract specifications for the Outer Belt Transmission Main Corrosion Mitigation Contract. (EN Engineering Task Order #13)

Work continues under EN Engineering Task Order No. 17. (Test Point Survey)

Contract QR-9 (Quick Response Contract)

Contract QR-9 replaces Contract QR-8 beginning July 1, 2011 or, should it become necessary, upon any Board approved contract extension for Contract QR-8.

A pre-bid meeting was held on May 3 and the bid opening is scheduled for May 17, 2011. It is expected that the contract will be awarded at the June 16, 2011 Commission meeting.

<u>Other</u>

A meeting to discuss design alternates for the conflicts resulting from the Great Western Trail Pedestrian Bridge improvements in Lombard was held on March 30,

MAY 2011 COMMISSION AGENDA ITEMS:

R-26-11---A Resolution Approving and Ratifying Certain Work Authorization Orders Under Quick Response Contract QR-8/08 at the May 19, 2011, DuPage Water Commission Meeting.
