#### Explanations

DUPAGE COUNTY

IRON WORKERS (WEST) - West of Route 53.

PLUMBERS & PIPEFITTERS (NORTH) - North of a line down the center of 22nd Street including Argonne National Laboratories.

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial/Decoration Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day, Christmas Day. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration such as the day after Thanksgiving for Veterans Day. If in doubt, please check with IDOL.

#### EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date.

ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

Other Classifications of Work:

For definitions of classifications not otherwise set out, the Department generally has on file such definitions which are available. If there is no such definition on file, the Bureau of Labor Statistics SIC list will be used. If a task to be performed is not subject to one of the classifications of pay set out, the Department will upon being contacted state which neighboring county has such a classification and provide such rate, such rate being deemed to exist by reference in this document. Further, if no such neighboring county rate applies to the task, the Department shall undertake a special determination, such special determination being then deemed to have existed under this determination. If a project requires these, or any classification not listed, please contact IDOL at 618/993-7271 for wage rates or clarifications.

LANDSCAPING

Landscaping work falls under the existing classifications for laborer, operating engineer and truck driver. The work performed by landscape plantsman and landscape laborer is covered by the existing classification of laborer. The work performed by landscape operators (regardless of equipment used or its size) is covered by the classifications of operating engineer. The work performed by landscape truck drivers (regardless of size of truck driven) is covered by the classifications of truck driver.

## Explanations

COOK COUNTY

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial/Decoration Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day, Christmas Day. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration such as the day after Thanksgiving for Veterans Day. If in doubt, please check with IDOL.

Further, if no such neighboring county rate applies to the task, the Department shall undertake a special determination, such special determination being then deemed to have existed under this determination. If a project requires these, or any classification not listed, please contact IDOL at 618/993-7271 for wage rates or clarifications.

## MEMORANDUM

TO: Chairman & Commissioners

FROM: General Manager

DATE: June 7, 2002

SUBJECT: Summary of Action Since Previous Meeting

1. Commissioner George Kouba has resigned from the Commission. George was one of the original Commissioners during the formation of the Commission and the initial construction.
2. Resolution R-23-02 approves a three-month extension on the Quick Response Contract QR-5. Bidding of a new quick response contract was delayed during the bidding of the blow off valve repair contract (Contract BOV).
3. Resolution R-24-02 approves the second amendment to Task Order No. 9. This amendment will increase the design services and reduce outside services for Contract BOV but for no change in the total cost for Task Order No. 9.
4. Resolution R-25-02 approves Task Order No. 11 for the design of Contract TIB-1/02. This project was approved in the Five Year Capital Improvement Plan and will connect the Northwest and Southwest Transmission Mains along the Route 83 corridor. Contract TIB-1 is being proposed to increase flow in the event of a break on the Northwest or Southwest Transmission Mains. These mains are the primary conduits for water leaving the DuPage Pumping Station.
5. The Appropriation Ordinance hearing was noticed on May 8, 2002 in the Chicago Tribune.
6. With the winding down of Andersen, LLP, the audit for April 30, 2002 was completed earlier than normal. The final version of the report is on the Commission's agenda.

Robert J. Schillerstrom, Chairman  
DuPage County Board  
421 N. County Farm Road  
Wheaton, Illinois 60187

May 16, 2002

Dear Chairman Schillerstrom,

Over the last several months, I have missed Water Commission meetings because of conflicts with Board events and meetings of other organizations I participate in. Please accept my resignation from the DuPage Water Commission effective May 24, 2002. It has been a pleasure serving DuPage County residents since July 31, 1984.

I would like to take the opportunity to thank you and previous DuPage County Board Chairmen who have appointed me to an organization that has provided an important commodity to County citizens.

If there is anything I can do during the transition, please let me know.

Sincerely,

George K. Kouba

cc: Mike Vondra
