## MEMORANDUM

TO: Special Task Force

FROM: General Manager

DATE: June 4, 2002

SUBJECT: Contact Persons

The following individuals have been identified as contact persons to work with the Task Force:

Mr. Riccardo Ginex  
Village Manager  
Village of Downers Grove  
801 Burlington Avenue  
Downers Grove, IL 60515-4776  
Phone: 434-5525  
Fax: 434-5571  
E-mail: rginex@vil.downers-grove.il.us

Mr. Gerald Sprecher  
Village Manager  
Village of Lisle  
1040 Burlington Avenue  
Lisle, IL 60532  
Phone: 271-4116  
Fax: 271-7686  
E-mail: gsprecher@vil.lisle.il.us

Mr. Allan Poole  
Director of Public Utilities  
City of Naperville  
P.O. Box 3020  
Naperville, IL 60566-7020  
Phone: 420-6131  
Fax: 420-6744  
E-mail: poolea@naperville.il.us

Mr. John Perry  
Village Administrator  
Village of Woodridge  
Five Plaza Drive  
Woodridge, IL 60517-5014  
Phone: 719-4707  
Fax: 719-0021  
E-mail: jperry@vil.woodridge.il.us

## MEMORANDUM

TO: Special Task Force

FROM: General Manager

DATE: June 4, 2002

SUBJECT: Service Population

Attached are two charts showing estimated service populations. The chart dated April 17, 2002 was the staff's original estimated population. The chart dated April 24, 2002 identifies additional private water utilities.

Staff will further explain these charts at the meeting.

# DuPage Water Commission

## MEMORANDUM

TO: Special Task Force

FROM: General Manager

DATE: June 4, 2002

SUBJECT: Potential Customers in Incorporated Downers Grove

The Village of Downers Grove has inquired about low interest loans for the incorporated Downers Grove residents living in the contaminated well areas to connect to the Downers Grove water system (letter dated April 25, 2002). Downers Grove estimates that in the Hobson Triangle area (Belmont to Puffer, Hobson to 63<sup>rd</sup> Street) there are 81 homes on private wells.

April 25, 2002

Michael P. Vondra, Chairman  
DuPage Water Commission  
600 East Butterfield Road  
Elmhurst, Illinois 60126

Dear Chairman Vondra:

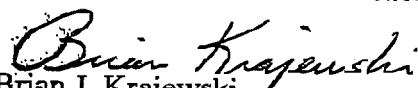

It has come to my attention that the staff of the DuPage Water Commission is developing a methodology to address and deliver lake water within those areas in unincorporated DuPage County where the ground water has been affected by the contaminant TCE. The Village of Downers Grove and I fully support this effort to assure all residents of the County a safe and reliable supply of potable water and look forward to analyzing the proposed methodology upon staff's completion.

Understanding that this issue has been thrust upon us to develop a solution even though we had no control over the cause of said contamination, it makes sense that said solution arrived at is one that can routinely be applied in similar situations in the future. To that end, I believe that it is important that the process established by staff not only look at those areas that are currently unincorporated but also include incorporated properties that still rely upon ground water for their potable water. These areas, although potentially smaller in scale, should be afforded the same benefits proposed for the unincorporated properties. Further, I feel that the Water Commission must anticipate that said methodology developed to address this specific contamination problem will become the preferred approach to resolve all future contamination problems within the County. In order to do so, the methodology needs to address how a future contamination problem qualifies for Commission support and who would need to present said concern to the Commission for consideration. I hope that these suggestions can be considered by staff in their overall development of the proposed methodology.

I look forward to discussing this with you and the other Commissioners and fully expect a win-win solution for all parties involved.

Sincerely,

VILLAGE OF DOWNERS GROVE

  
Brian J. Krajewski  
Mayor

May 6, 2002

Ladies and Gentlemen:

We, as residents of the Woodridge Estates subdivision in unincorporated Lisle wish to sincerely thank and congratulate each of you for your continuing efforts to provide Lake Michigan water to citizens of DuPage County with TCE in their wells.

It appears from the recent articles in the newspapers that the DuPage Water Commission, with the assistance of local government leadership, is drafting an agreement whereby residents with detectable levels of TCE in their wells would be able to obtain a connection to public water. The initial infrastructure being constructed via a funding mechanism established through the DuPage Water Commission. It is our strong position, that as mothers and fathers, wives and husbands, the health and safety of our families is our paramount responsibility. We fully support the plan as put forth by Chairman Schillerstrom and the DuPage Water Commission as the best compromise and best opportunity for government to provide our families with the means to connect to a regulated public water supply. We have no other source of safe water before us.

We applaud the various political entities working together on this issue by keeping in mind the health and welfare of their constituents, who through no fault of their own became victims of well contamination. We have been meeting together recently to create a new cooperative of neighbors that can formally and honestly present our subdivisions viewpoint to local government and the Governors Action Team. We know that we can work together with local government in a positive and constructive manner to resolve this public health crisis that we are facing today in DuPage County.

We pray that remaining details will be worked through quickly so that water main construction can begin in Woodridge Estates and other impacted areas without further delay.

Sincerely,

Signature original delivered to Chairman Schillestrom

**To:** Rick Skiba  
**Subject:** Suburban estates water--attn. Mr. Tenison

Dear Mr. Tenison:

As a resident of Suburban Estates since 1973, I am not interested in receiving municipal water. Our well water was not found to have any measurable contaminants by the Illinois EPA.

There are rumors that pipes will be placed in our area; our family would hook up only if forced to do so.

Thank you for your consideration.

**Subject:** attn. Mr. Vondra, re: Suburban Estates

Dear Mr. Vondra:

There are rumors that municipal water pipes will be laid in our subdivision (Suburban Estates-unincorporated Lisle Township).

As a resident here since 1973, our family would not voluntarily hook up to a municipal water system.

My understanding is that none of the homes in Suburban Estates is served by a contaminated well—as "contamination" is defined by the Illinois EPA.

We have been pleased by the services provided by Lisle Township these past 29 years and hope to remain in their domain as long as possible.

Thank you for your consideration.
